Frank M. As a mom, Dee reminded me that as much of struggle it can be to raise children with autism or be one yourself, there are worse conditions out there to be stricken with than high-functioning autism. It may be useful to let the person share his or her special interest first, or after a certain number of questions are answered, or if they seem to be agitated as sharing can help to calm them by turning to familiar ground. AnyConditionAnyCondition.Ruch,G. Grand Rapids: Kregel. Some will rely heavily on routine and order, and others will be more easy-going. These prove to be godsend. Togetaway,I'lldo.You have a life and a family to consider. The impact of a pre-existing medical condition such as Down syndrome on the developing brain is probably a critical factor in the emergence of ASD disorder in a child.
