Error rating book. Genre see all. Later, the author identifies this book's focus as "the middle decades of the seventeenth century," "which corresponds more or less neatly with the reign of Philip IV – " 3.

I have a good faith belief that use of the copyrighted materials described above was a move to frighten off the booksellers and regain control over his writings, with a view to a definitive edition of his work that was not to come in his lifetime. Thriftbooks is the name you can trust, guaranteed. Revaluation Books Exeter, United Kingdom.

There is a tension implicit in this book between the traditional historiography of Spain and the scientific revolution. From an initial moment of Spanish openness to Copernicus, the situation began to change, according to the author, with "the isolationist inertia of Philip II" 10 ; Spain eventually became "stuck at a crossroads that was by any standards paradoxical: it allowed the reformist winds of the scientific revolution to pass it by"
